*I would like to thank all those CLP's who nominated and voted for me when I stood last year for the NCC. I now ask once again if your CLP could consider nominating me for the National Constitutional Committee (Division III) to be elected at this year's Annual Conference. The National Constitutional Committee (NCC) has a clear role in ensuring fairness in disciplinary matters referred to it. I believe that with nearly thirty membership of the party I have the experience to hear cases as a member of the NCC in an objective way which respects the rights of members whilst maintaining the integrity of our constitution.*

**Nominations close on the 24 June & CLP secretaries have been sent notification of how to nominate.**
